PROFESSIONAL SUMMARY

Creative and versatile B. Tech Information Technology graduate with experience across UI/UX design, web design and development, Android application development, and digital content creation. Skilled in designing user-friendly interfaces, developing responsive websites, creating mobile application experiences, and producing clear, engaging content. Experienced with Figma, Canva, HTML, CSS, Flutter, Android development, wireframing, prototyping, user flows, and visual communication. Strong attention to detail with an ability to understand requirements, simplify information, and create user-focused digital experiences.

CORE SKILLS

UI/UX DESIGN

UI/UX Design, User Research Basics, Wireframing, Prototyping, User Flows, Information Architecture, Usability, Visual Design, Design Systems, Responsive Design, Mobile App UI Design, Website UI Design

CONTENT WRITING

Content Writing, Copywriting, Blog Writing, Website Content, Social Media Content, Marketing Content, Research & Information Gathering, Storytelling, Proofreading & Editing, Content Ideation, Creative Writing, SEO Content Basics

WEB DESIGN & DEVELOPMENT

HTML, CSS, Responsive Web Design, Front-End Development, Website UI Development, Website Layout & Structure, Cross-Browser Design, Basic JavaScript

ANDROID / MOBILE DEVELOPMENT

Flutter, Dart, Android Studio, Android App Development, Responsive Mobile UI, Firebase, Mobile Application Design, API Integration Basics

TOOLS

Design: Figma, Canva, FigJam

Development: Android Studio, Visual Studio Code

Mobile: Flutter, Dart, Firebase

Web: HTML, CSS, JavaScript

Design Methods: Wireframing, Prototyping, User Flow, Design Systems

PROFESSIONAL EXPERIENCE

Freelancer | UI/UX Designer & Web Designer | 2023 – Present

- Designed and delivered UI/UX solutions for multiple small businesses and personal brands.
- Created wireframes, user flows, and responsive interfaces that improved usability and visual consistency.
- Developed website layouts focused on user engagement and accessibility.
- Collaborated directly with clients to gather requirements and translate ideas into digital experiences.

INTERNSHIP EXPERIENCE

Spidervella Technologies | Web Development Intern | 2022

- Assisted in Python-based web development and UI implementation.
- Supported front-end development and website maintenance activities.

Dyashin Technosofts | Manual Testing Intern | 2024

- Conducted manual and usability testing for web applications.
- Identified defects and documented test results for issue resolution.

Wayspire | Full Stack Development Intern | 2024

- Developed responsive web interfaces for client projects.
- Improved application responsiveness and layout consistency across devices.

Crescent Technosofts | Web Development Intern | 2025

- Designed and developed an AI Writing Assistant application with an intuitive user interface.
- Created wireframes and user flows to enhance user interaction and content organization.

Dyashin Technosofts | Python & Data Analyst Intern | 2025

- Collected, cleaned, and analyzed datasets using Python.
- Prepared reports and visualized data to support business insights.

Litz Tech Pvt. Ltd. | Flutter Developer Intern | 2025 – 2026

- Designed responsive cross-platform applications for Android, iOS, and Web.
- Collaborated with development teams to enhance application performance and user experience.

FEATURED PROJECTS

Project 1: AI Writing Assistant with Plagiarism Checker

- Designed user-centered dashboard interfaces and structured content workflows.
- Created wireframes and prototypes to improve usability and content accessibility.

Project 2: Smart LifeLink – Organ Transplant Management Platform

- Designed end-to-end user journeys for hospitals, doctors, and patients.
- Simplified healthcare workflows through intuitive navigation and user-centered design.

Project 3: AI-Powered Local Wake-Word SOS Activation System

- Designed emergency-focused interfaces prioritizing accessibility and quick response.
- Developed user flows to support efficient emergency interactions.

Project 4: React Website with Router DOM Navigation

- Built a responsive multi-page web application using React Router DOM.
- Improved navigation and user experience through structured information architecture.

EDUCATION

B. Tech – Information Technology - Adhiyamaan College of Engineering, Hosur | 2023 – 2026

Dip – Computer Science Engineering - Er. Perumal Manimekalai Polytechnic College, Hosur | 2019 – 2022

CERTIFICATIONS

- Core Python with Web Designing – Renovo Computer Education
- UI/UX Design Workshop – Adhiyamaan College of Engineering
- Smart India Hackathon – AI-Driven Crop Disease Prediction
- Regression Analysis using Deep Learning – PGS Institute
